

Brown Science Prep

Mentoring Program Application

Program Information

If you participate in the program, you will be assigned a mentor based on your academic interests. You will then meet with your mentor in public places, such as coffee shops or libraries, and/or communicate via email. At these meetings, you will discuss your academic life, including your experiences taking classes, applying for college and/or jobs and internships, and planning your future. Mentors will in turn offer their advice and guide you through the process of exploring and furthering your career in a STEM field. This may include directing you towards college financing opportunities, connecting you with Brown University faculty, or guiding you through standardized testing. You will meet and/or communicate via email with your assigned mentors at least once every month. This relationship will begin during your senior year of high school, and will continue for two years.

Personal Information

Name: _____

Grade: _____

High School: _____

Phone Number: _____

Email Address: _____

Which STEM fields are you most interested in? Circle no more than 3. Feel free to circle 1 or 2.

Applied Math

Astronomy

Biology

Chemistry

Cognitive Science

Computer Science

Engineering

Environmental Science

Geology

Math

Neuroscience

Physics

Psychology

Public Health

Would you prefer to be paired with a mentor who has a similar STEM field of interest?

Yes

No

Is there a specific mentor you wanted to be paired with? If you don't specify a mentor, we will pair you with a mentor whom we think would be a good fit for you.

Yes

No

If you said yes to the previous question, please write the mentor's name here:

Note: we cannot guarantee that you will be paired with this mentor.
